## Investment Objective

The investment objective of the Fund is to generate consistent, positive returns, with low volatility and low correlation to equity markets. The Fund primarily employs arbitrage strategies, which are specialized investment techniques designed to profit from the successful completion of mergers, take-overs, tender offers, leveraged buyouts, spin-offs, liquidations, and other corporate reorganizations. The most common arbitrage activity the Manager intends to use is merger arbitrage, which involves purchasing the shares of an announced acquisition target company at a discount to the expected merger consideration.
